

A black silhouette of the Mexico City skyline is positioned at the bottom of the slide. On the left, the tall, columnar Angel of Independence monument is prominent, topped with a winged figure. To its right, various skyscrapers and buildings of different heights and shapes form a jagged horizon line. On the far right, a telecommunications tower with multiple circular antennas is visible. The background is a solid white color.

SKYLINE of MÉXICO

Skyline [**skahy**-lahyn]

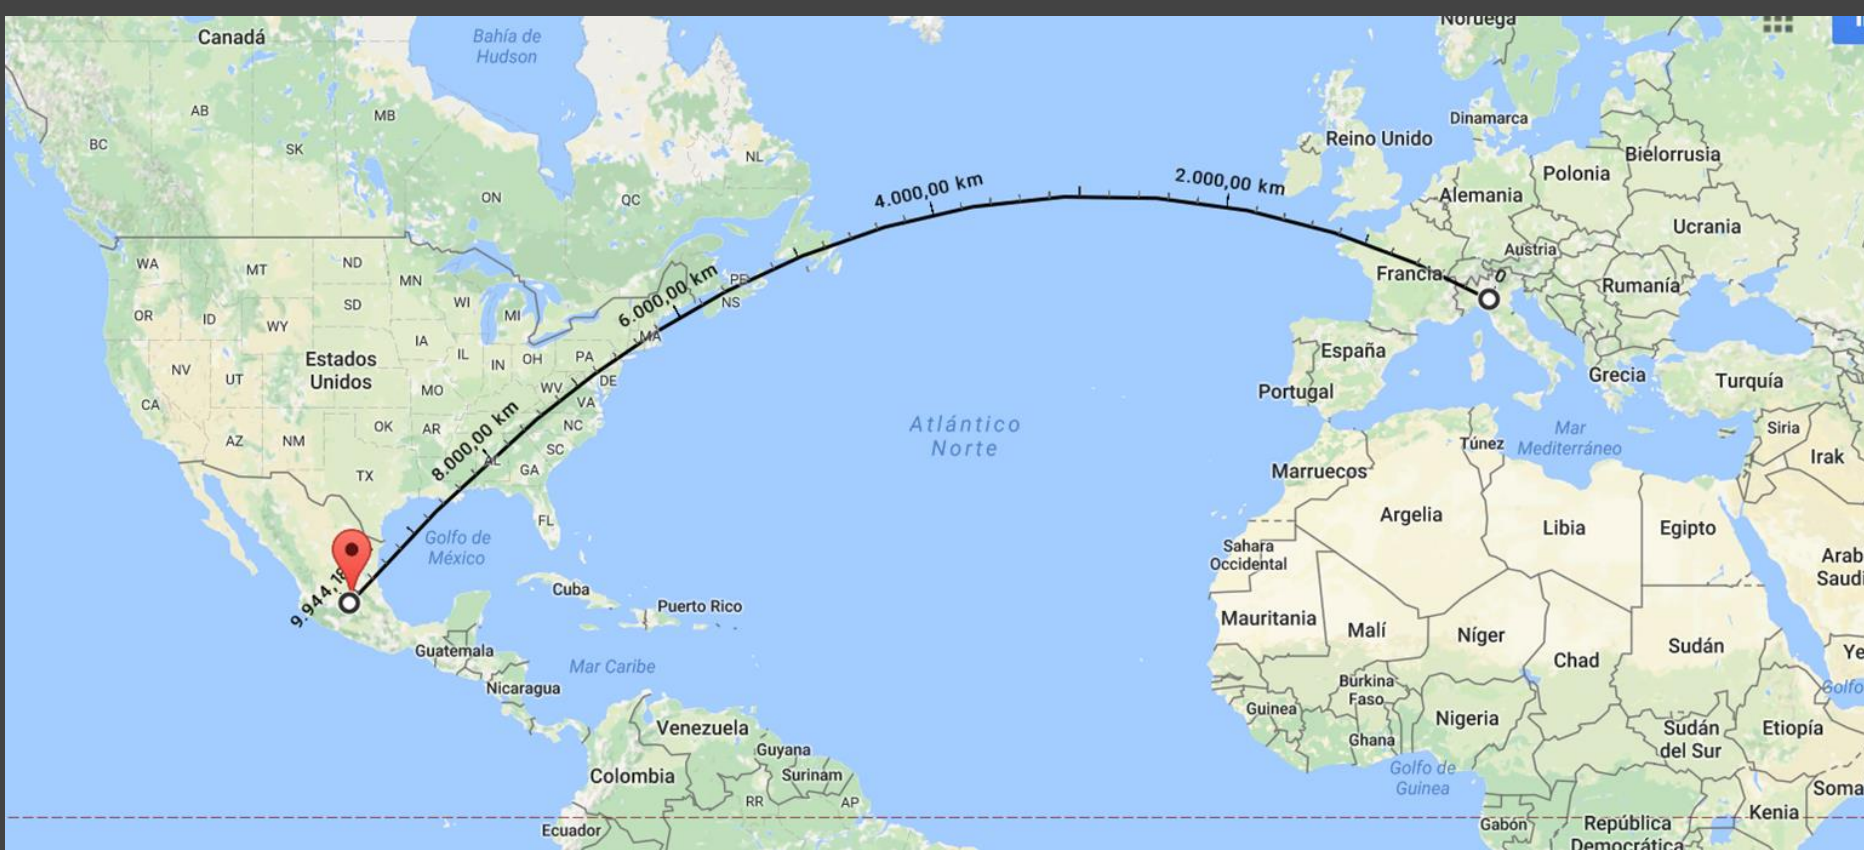

noun

1. the [boundary line](#) between earth and [sky](#); the apparent horizon

stereotype: to believe unfairly that all people or things with a particular characteristic are the same

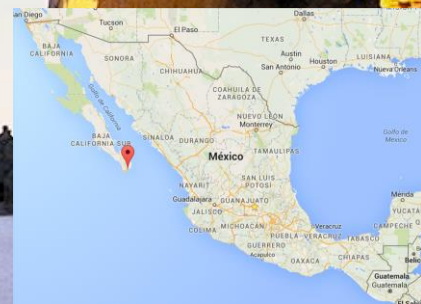

I'm 9,940 kms away from home!
